Childcare

Weddings

When planning your wedding or event there is so much to consider & if you have children attending it can get stressful. What will they play with? Is it safe? Who will make sure they are fed & changed? Where will they all eat? Who will put them to bed? Will their parents be able to participate in the wedding?

The **I do** Nanny is here to take away that stress & make sure you have a worry free day & the children attending have a magical time!

Events

We know that sometimes getting childcare can be tricky & getting someone to be there at awkward times, for short hours, for sole & shared charge & throughout an event can seem even more daunting.

We offer a range of event childcare services including creches, babysitting, day Nannies & over-night Nannies. We are with you to make sure your children are cared for & your event is worry free!

Wedding/Events Nanny

Having childcare at your event means you & your guests can relax & enjoy every minute of the day! We can take care of bottles, naps, playing, dancing, eating & anything else your little ones may need.

All of our Nannies are DBS certified, insured, qualified & have a minimum of two years experience. Basically, I work with the best!

£25 per hour, per Nanny

Nanny Pack

With some toys, bubbles, crafts & books, the Nanny Pack is a perfect addition to keep your little ones entertained!

Nanny packs can only be booked in addition to an Event Nanny booking.
